

Ensemble

Portable Presentation Audio

Fact Sheet

The Ensemble Presentation Companion is a portable audio solution for teachers, lecturers, and professional speakers. Its unique, ultra-light design delivers clear, surround sound for both voice and multimedia presentations. Weighing less than 1 pound, the Ensemble speaker travels conveniently and is loud enough for rooms of up to 90 people.

Product Features

- Proven audio technology delivers superior voice clarity and word recognition for high-impact presentations
- Improves intelligibility even if some of the audience members have their backs to the trainer
- Use up to 3 separate stereo or mono inputs for simultaneous speech and audio applications
- Includes carrying case for traveling convenience

Versatile for Many Presentation Settings

Corporate

Sales Presentations and Management Meetings

Education

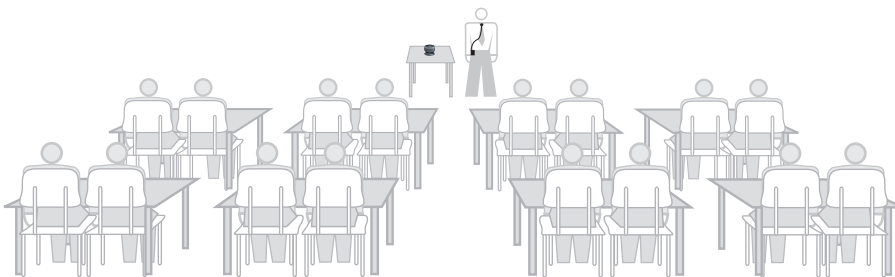

School Classrooms, eLearning, Assisted Listening

Training

Computer Based Training and Video Conferences

Government

Training, Education, Public Speaking, Translations, Court Room and Public Safety Recordations

Classroom Arrangement

System Includes

- Ensemble Speaker
